Workshop closing: September 1, 2010 (14⁰⁰).

Workshop schedule will be specified later.

Topics:
Automatization
Biomedical engineering
Control, Electronic circuits
Informatics, Networks
Measurement
Microelectronics
Microwaves, Propagation
Mobile communications
Multimedia
Optoelectronics
Power engineering
Robotics
Signal processing
Economy and education in
electrotechnics
Material in electrotechnics
Telecommunications
and others ...
+ Special section for recent
Ph.D. graduates
